ADAM PONTON.

This Company invite the attention of the public to their superior and well-known GREEN and PURPLE ROOFING SLATE, which they are prepared to deliver from their Quarties or Depot in all since suitable for roofing.

The public are cautioned against a spurious and inferior article which has been represented and used as "Eagle Slate." A state roof is preferable to tin, shingles or from. If well put on, it lasts a lifetime without needing repairs. It is as cheap as tin or shingles. It needs no paint. Rain water from a state roof is pure: it has no taint of decayed wood or paint. Slate roofs are fire-proof; insurance companies favor them; steam will not affect them.

Experienced sisters, if required, will be sent to any part of the country upon application at the New-York Depot. Orders addressed as above, or to G. FURMAN. No. 26 Courtlandtest., New-York, Will receive prompt attention.
